

Scrum Master Certified Professional

Certificate :
Scrum Master Certified Professional

Course Delivery :
Blended Learning

Course Overview

The program SCRUM MASTER CERTIFIED (SMC™) is from SCRUMSTUDY.COM – the global accreditation body for SCRUM and AGILE Certification.

QT&T is the authorised training partner of Scrum Study, USA.

Scrum Master Certified (SMC™) professionals have a practical, working knowledge of Scrum that equips them to implement and work in a Scrum environment. The purpose of the exam is to confirm the applicants have achieved sufficient understanding of how to apply Scrum in the projects and to tailor Scrum in a particular scenario.

SMC™ professionals are facilitators who ensure that the Scrum Team is provided with an environment conducive to completing the project successfully. The Scrum Master guides, facilitates, and teaches Scrum practices to everyone involved in the project; clears impediments for the team; and, ensures that Scrum processes are being followed.

Successful candidates will be awarded the Scrum Master Certified (SMC™) certification by SCRUM study after passing the certification exam.

What you will learn:

At the end of course , delegates will be able to

- Gain an understanding of the principles in the Scrum framework
- Build a working knowledge of Scrum including roles, meetings, and artifacts.
- How to implement Scrum in the organization.
- Prepare participants to take SMC™ exam upon completion of the course.

Course Outline:

Upon completion of this course, the participant will gain competencies in:

- **Agile and Scrum Overview**
