

# Scrum Developer Certified (SDC™)

Delivery Method : Classroom

Code : SDC

Duration : 2 Days

## What you will learn

Scrum Developer Certified (SDC™) is an entry level certification for Scrum Team members and those who interact with any Scrum Team. The objective of Scrum Developer Certified (SDC™) certification is to ensure that Scrum Team members know enough about Scrum to effectively contribute to a Scrum project. The courseware and preparation tools required for the certification exam will be delivered in a classroom mode training over 2 days. Additional online tools & videos will also be provided. An online proctored exam will be conducted at the end of the course.

**(Audience – right side** -This is highly recommended for everyone in a company who works in a Scrum Team or anyone who interacts with any Scrum Team. This will also be very useful for those who are interested in understanding the basics of Scrum and how this method could be used effectively..)

**(Pre requisite right side** -There is no formal prerequisite for this certification)
